

Your trusted partner for all your trading needs in the UAE! With a commitment to excellence and a passion for delivering quality products and exceptional service, we strive to be your go-to source for a wide range of products. Explore our site and discover the convenience of working with a reliable trading partner in the heart of the UAE's bustling business scene.

Product list -

A - Logo screen printing items

- We manufacture high quality logo screens for printing company logo on the glass, as per your requirement.
- Ceramic Paint - White Enamel (Origin-Germany)
- Oil/Thinner for ceramic (Origin-Spain)

B - High quality Glass moving Castor Wheels/Roller Balls for glass Tempering/Processing plants

- GLAS/M14/RR/050/2NUT/BLK/RHS

Specifically designed to handle glass sheets with ease, ball transfer glass handling castors (also known as ball rollers) allow for the smooth and efficient transfer of glass and other flat sheet materials, with minimal impact or damage.

Material: RR

Thread: M14 with 2 Nut

Rubber Ball Diameter: 50mm.

Color Options: Red & Black

➤ **GLAS/M14/RR/050/2NUT/RED/LHS**

Specifically designed to handle glass sheets with ease, ball transfer glass handling castors (also known as ball rollers) allow for the smooth and efficient transfer of glass and other flat sheet materials, with minimal impact or damage.

Material: RR

Thread: M14 with 2 Nut

Rubber Ball Diameter: 50mm.

Color Options: Red & Black

➤ **GLAS/M14/RR/035/2NUT/BLK**

Specifically designed to handle glass sheets with ease, ball transfer glass handling castors (also known as ball rollers) allow for the smooth and efficient transfer of glass and other flat sheet materials, with minimal impact or damage.

Material: RR

Thread: M14 with 2 Nut

Rubber Ball Diameter: 35mm.

Color Options: Red & Black

❖ **GLAS/TPR/050/BALL/BLK**

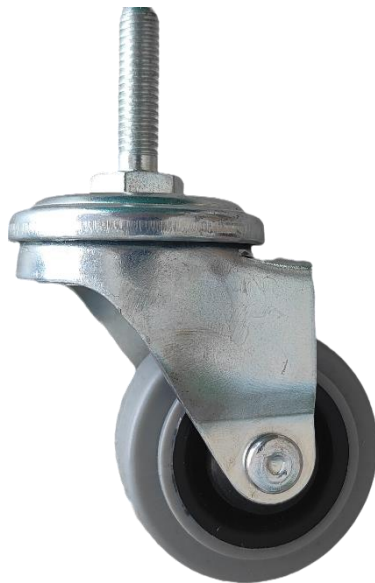

Specifically designed to handle glass sheets with ease, ball transfer glass handling castors (also known as ball rollers) allow for the smooth and efficient transfer of glass and other flat sheet materials, with minimal impact or damage.

Material: RR

Rubber Ball Diameter: 35mm/50mm

Color Options: Red & Black

➤ **GRVD/TH8/TPR/050/TG**

Disclaimer: This product comes in a variety of pattern & design. Image shown here is for representation only. Actual pattern & design may vary

The GRVD series Light Duty castor is made of high quality raw material, which is resistant to corrosion and rust. The castors are durable and can be used in hospitals, shopping malls, small/large factories etc..

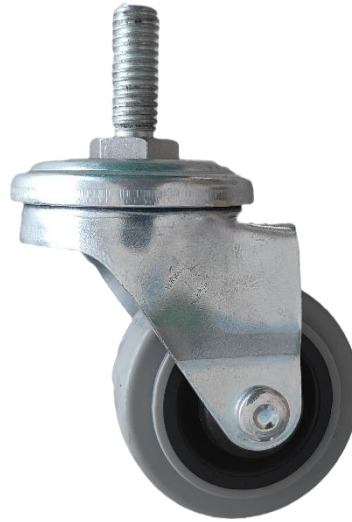

The GRVD is a Light Duty castor with a capacity of up to 20-50 kgs, which makes it ideal for use in industrial environments where light material loads movement are required.

Material: TPR

Wheel Diameter: 50mm

Mount Type: M8 swivel

➤ **GRVD/TH10/TPR/050/TG**

➤ **FRVB/TH10/TPR/040**

The FRVB series Light Duty castor is made of high quality raw material, which is resistant to corrosion and rust. The castors are durable and can be used in hospitals, shopping malls, small/large factories etc..

The FRVB is a Light Duty castor with a capacity of up to 5-40 kgs, which makes it ideal for use in industrial environments where light material loads movement are required.

Material: TPR

Wheel Diameter: 40mm

Mount Type: M10 swivel

➤ **PSTS BT 50 26 PPB**

Zinc Plated Pressed Steel Castor

Material: Polypropylene

Wheel Diameter: 50mm

Mount Type: M10 swivel

C - Heavy Duty Castor Wheels for Trolleys

➤ TTBP S 200 55 PUCB

Specifications -

- Wheel type-Polyurethane(PU)
- Wheel Dia-200mm,Width-55mm
- Total Height-247.5mm,Plate Size-140x110mm
- Hole Distance-110x75mm,Hole Size-25x13mm
- Load Capacity per wheel-1000Kg

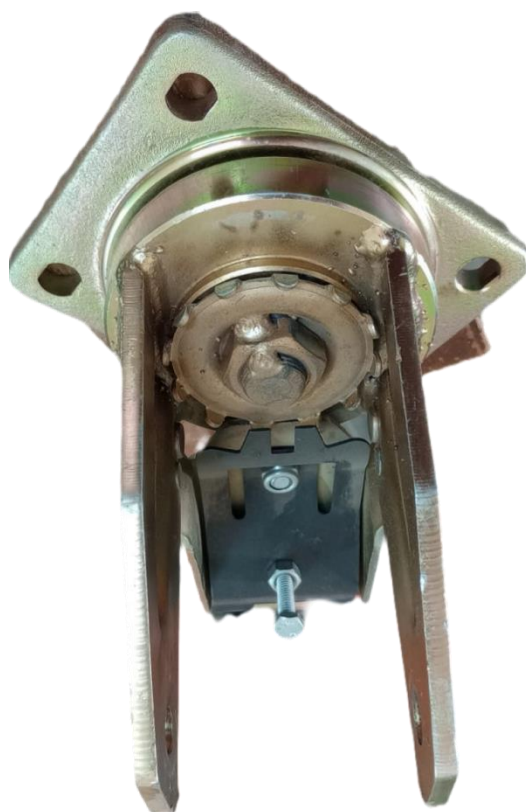

➤ RTTB S 200 50 PLWB(S)

Specifications -

- Wheel Dia-200
- With-50mm
- Wheel Type- Polymer Solid
- Load Capacity per wheel-1000kg

➤ **Brackets for heavy duty trolley wheels (available in various sizes)**

D - Safety Apparels

➤ Safety Shoes
